Subject: Materials for EPA-IOGCC July 19 Meeting in Denver
Attachments: EPA-IOGCC Task Force Meeting 7/19 - Initial Background Materials ; Final 2019 July IOGCC-EPA Task Force Briefing Book (20190710).pdf; IOGCC MOU Draft Revisions (circulated to Task Force members).docx; IOGCC-EPA Task Force Meeting July 2019 Draft Agenda.doc; EPA IOGCC MOU Task Force.docx

Good evening:

Attached is the updated IOGCC Briefing Book. This Book summarizes the regional and program office oil and gas matters you should be aware of prior to the Task Force meeting. Some of these matters are listed on the July 19 agenda (EPA's PW Study, the Compliance Portal and the RCRA Determination) and some may likely come up in discussion. A huge thanks to your UOG POCs and the program office contacts for updating this information from April/May of this year. Please note, this information has not undergone a thorough legal review. Due to timing issues, we won't get a legal review until after the July 19 meeting – but before the Aug. IOGCC Annual Meeting. The Briefing Book is for internal use only.

Also attached is the draft, renewed MOU for your review prior to the meeting. We will be discussing this version of the MOU on July 19. Note that I circulated the existing MOU previously (see Outlook email attached hereto).

No major revisions to the July 19 agenda from our end. I'll speak with IOGCC early next week to see if they have revisions. See the draft, attached. I also attached the Task Force member list again.

For those of you creating binders for your RA Task Force principal – consider including all the attached documents (please emphasize that the agenda is draft and please highlight the draft, renewed MOU for discussion (from the existing MOU).

We will discuss this material (generally) on Monday's call. FYI – Below is the last email I circulated to this group.

Thanks, Megan

Subject: EPA-IOGCC Task Force Meeting - Draft Agenda for July 19

Good morning, EPA Task Force Members, COS and regional UOG POC:

Attached please find the draft agenda for our July 19 meeting in Denver. Please send me any questions or comments by COB, Monday, July 8.

A few introductory notes on the agenda:

- The “Round Robin” at 10:20a will be an opportunity for each RA to identify any matters re: oil and gas that may be helpful to share and discuss with the larger Task Force group (challenges and/or successes). I also attached the Task Force membership list so you know who to expect from the IOGCC side (i.e. ND, OK, MI, PA and OH oil and gas commission leadership).
- We will then discuss the “Opportunities for Collaboration.” The EPA “Opportunities” – such as the RCRA Subtitle D Regulatory Review, the Compliance Website and the CWA National Produced Water Study – are deliverables/topics out of HQ. It’ll be good for you to have some background on these efforts and understand the regional interface (I’ll circulate the updated briefing book + any additional materials and I expect your UOG POC has or will brief you) – but any related questions and next steps is for HQ to address (I hope to get HQ representatives on the line).
- The afternoon is reserved for discussion of the renewed MOU.

Please note the next steps for our preparation:

1. Review and provide any comments on the attached agenda by COB July 8.
2. I will circulate a draft renewed MOU later this week. This MOU will be up for discussion on July 19.
3. I will circulate an updated briefing book prior to the meeting. The briefing book will highlight regional and HQ o/g issues.
4. Please participate on the July 15 (11a MT) prep call. We’ll run through the agenda, MOU and any questions for the group.
5. Consider preparing with your regional representatives on oil and gas matters (either prior to the 7/15 call or prior to 7/19).
6. Doug and I will schedule a breakfast for EPA Task Force members in Denver on Friday, July 19 – prior to the 10a meeting. I’ll send an invite out soon.

Thanks, Megan
